About us

Subsociety was built on the idea that life could be made easier by centralizing all subscription products and services. We provide customers with a more rewarding shopping experience by not only allowing them to search for and compare different products, but to also quickly interchange and manage subscribers with the click of a button.

Our mission

To offer recurring savings on top-tier subscription products and services. We take pride in the service we offer to our customers and the market-leading vendors that make it all possible. We strive to grow together as a network of high-quality products and services. Welcome to the Subsociety.

Our vision

We aim to be the preeminent worldwide marketplace for recurring goods and services.

5. Why Choose Us?

- ✓ **70+ eCommerce projects deployed till date**
- ✓ **Reusable technical functionalities for cost-effective and faster development**
- ✓ **Premium AWS technology partner for resource scalability and extensive vendor support**
- ✓ **Prior experience in implementing top-notch security measures (PCI 3.1 compliance) for popular payment gateways like Authorize.NET, PayPal, and Stripe.**
- ✓ **Contact person availability in the Florida region throughout the project development, as required.**

6. Why Choose MERN Stack for Your eCommerce Platform

- ✓ **Completely customizable and scalable.**
- ✓ **Highly Flexible - It allows you to test an application on cloud platform easily after successful completion of a development process. Applications can be easily developed, tested and introduced in the cloud.**
- ✓ **Great User Interfaces – It supports MVC (Model view controller) architecture. It thus provides quality user interfaces.**
- ✓ **Cloud Compatibility**
- ✓ **High Speed & Code Reusability**
- ✓ **It will help to rank better in Google.**
- ✓ **Total control over your SEO as it will be easy to do editing as well.**

- ✓ Our designers who have earlier worked on screen designs for Google and Adobe will create stunning interactive prototype (IP designs) for your website as per your requirement.
- ✓ Learn more about IPs here: <https://www.biz4group.com/interactive-prototype>
- ✓ Screen Design Cost (TBD) *exclusive to the quote mentioned above
- ✓ Additional features will be charged at the rate of USD 30 per hour
- ✓ Monthly support cost of USD 250 and hosting charges (Exclusive to this quote).
- ✓ For hosting, we suggest AWS. Initially, we can start with free tier and later shift to advance tier where cost is very minimal.
